

Cerebral Palsy of Westchester Appoints New Board Members

Cerebral Palsy of Westchester's Board President, Richard N. Osterer announced the appointment of two new Board Members, Lisa Gioffre Baird and David E. Fisher.

Lisa Gioffre Baird is the Senior Member of the Gioffre & Gioffre law firm, a firm formed by her grandfather and father. Before becoming the Senior Member, Lisa first became a third generation lawyer as an associate then a partner all at her family's law firm. She received her law license in both New York and Connecticut, and maintains offices in both states. Her practice is based primarily around transactional real estate, both residential and commercial, and she also handles will and estate work.

Lisa was born in Port Chester, NY and graduated from Blind Brook High School. She received her Bachelor of Arts degree from Villanova University and later graduated from Pace University School of Law with a Juris Doctor degree.

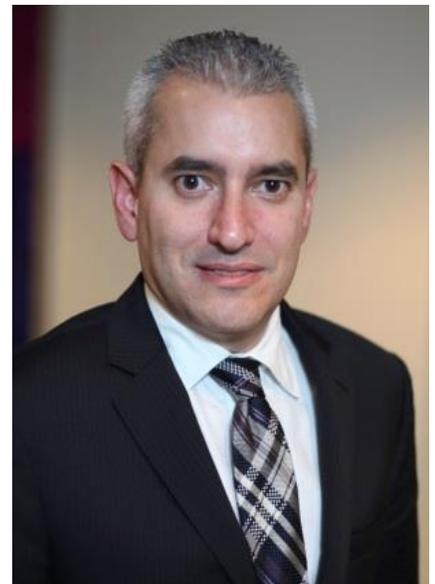

Lisa has served as President of the Port Chester-Rye Bar Association, and is a member of many state and local bar organizations. She is listed in the Bar Register of Pre-eminent Lawyers, an international publication of Martindale-Hubbel, which lists lawyers evaluated by their peers to be the pre-eminent members of the legal profession throughout the world, and she, her father and the firm have maintained for many years the highest rating possible by other lawyers and judges. Lisa is listed in the New York Magazine 2015 Legal Leaders and Who's Who in American Law.

David E. Fisher is a corporate partner in the New York office of Bryan Cave LLP, practicing in the areas of mergers and acquisitions and securities. For twenty years, he has worked with private and public companies, including multinational corporations and closely-held businesses, to structure transactions, joint ventures, capital-raising and financings, and advise on general corporate operations.

David has formed long-term client relationships, particularly in the manufacturing, technology and consumer products industries, serving clients such as Terex Corporation and Analysis & Design Application Co. Ltd., among others.
