

***“Saunders Trades and Technical High School Cosmetology Program
Give the Spa Treatment to the BRIDGE School Program from
Cerebral Palsy of Westchester”***

The Saunders Trades and Technical High School Cosmetology Program went above and beyond to utilize their skills. These students brought a day full of joy to the students from Cerebral Palsy of Westchester. On Wednesday December 6th, 2017 Cerebral Palsy of Westchester brought young adults from the BRIDGE School Program to enjoy a day of haircuts, manicures and makeup.

The students had their hair blown out, nails done and some even got a wonderful hair cut from the students of Saunders High School. The students look forward to returning for another day of pampering.

The Saunders Trades and Technical High School Cosmetology Program is a three year program designed to teach the student all the requirements necessary to take both the written and practical exam at the end of the third year. In addition, a Co-Op program has been added to the 12th grade curriculum to give students a hands-on experience. Cerebral Palsy of Westchester was grateful to experience the skills that the students from Saunders High School had to offer as well as their genuine care they had for our participants. We look forward to a continued and expansive relationship!

For over 65 years, Cerebral Palsy of Westchester has been the leading non-profit organization in Westchester County, providing essential services to children and adults with all developmental disabilities including autism, neurological impairments, intellectual disabilities, epilepsy and cerebral palsy. It has always been our purpose to help people realize their goals, build brighter futures, and lead more independent lives as members of their community.
