Emergency Response Form

TO: PARENTS, GUARDIANS, PARTICIPANTS

In the event that a participant is injured or becomes seriously ill (requiring treatment beyond first aid), while at the Summer Fun Program, and emergency medical attention is required, he/she will be taken to the hospital deemed most appropriate by the responding Ambulance Company.

Should a participant require emergency medical attention, a staff member will accompany him/her if available. Staff is not able to make medical judgments or make decisions on behalf of a participant, therefore it is requested that the Primary Caregiver respond to our call, and arrive at the hospital within 45 minutes, or as soon as possible. Jimmy Vejar Summer Fun Program staff cannot assume responsibility for remaining with a participant beyond 45 minutes, arranging for hospital admission, signing for testing, or arranging transportation home from the Emergency Room.

Additionally, should Jimmy Vejar Summer Fun Program's staff identify that a participant is presenting with signs and symptoms of illness (i.e., including but not limited to vomiting, diarrhea or fever) and needs to return home, the Primary Caregiver will be asked to arrive at program within 45 minutes or as soon as possible to pick up participant.

If the Primary Caregiver is unable to meet their responsibility, two alternate contacts must be designated by the Primary Caregiver to assume the same responsibilities for the participant in the absence of the Primary Caregiver.
